

10. Are You Interested In Securing Funding?

We use the 'Four Ps' to help you access the best possible funding for your SME.

	<p>Purpose Defining your funding needs</p> <p>We sit down to understand WHY you need the money, so we can help you make the right funding choices and achieve your goal.</p>		<p>Product Finding the best financial product</p> <p>We'll advise you on the financial products that meet your funding needs and will help you decide on the most beneficial type of funding.</p>
	<p>Provider Locating the most suitable lender</p> <p>We use Capitalise's powerful search capabilities and funding expertise to find a lender – locating the product you need on terms you can afford.</p>		<p>Planning Keeping your growth on track</p> <p>With funding in the pot, we'll help you plan and track your targets, budget and growth performance – so you meet your key goal.</p>

We understand that sourcing the capital needed to grow your business can be a time consuming, and often expensive, endeavor.

That is why we have partnered with Capitalise. Capitalise is a business funding platform designed to help SMEs discover finance partners who can add value to your business.

By working with lenders who fully understand the unique financial demands of your industry, you'll benefit from their years of experience providing capital solutions to businesses just like yours. Through this partnership we can access over 100 leading mainstream and independent UK lenders to provide you a seamless funding service.
