

Grow and Prosper | May 2016

Welcome to our monthly newsletter, which focusses on tips and advice for growing your business through forecasting, planning and budgeting. In theme with this we are delighted to invite you to Our Hub's event, **Grow Your Startup: forecasting, budgeting and sustainable growth**, where our very own Partner, Lee Manning, will be the guest speaker. Please click on the link below to register.

For further information, to submit an article or to ask a question, please contact lauren@raffingers.co.uk.

Top Ten Tips: For Running a Tax Efficient Business

When running a business it can be difficult to stay on top of your tax obligations. However, it is essential you do so if you want to avoid fines and reduce your tax liability. [Read more...](#)

Add-on of the Month

If you are a service business and you bill your clients based on the number of hours you have worked, then Workflow Max is for you. I have introduced this software to a large number of my clients - design agencies, architects and building companies - and they are all reaping the rewards.

Workflow Max is essentially a job management software that streamlines internal processes, saving you a significant amount of time. Just some of the features - templates enable quotes to be sent in minutes, tasks can be allocated instantly, your employees can track time on their individual tasks easily and you can pull performance, at any time and from anywhere.

If you would like to find out more, or have a quick chat to discuss this software in more detail, please contact me at amy@raffingers.co.uk.

Raffingers Take on Nuclear Races

in aid of Raffingers Foundation, seven members of the Raffingers team will be taking part in a 12km run over an ultra muddy, obstacle loaded farmland.
