

Off-Payroll Working Rules Now in Force | April 2017

Latest News for the Recruitment Sector

Off-Payroll Working Rules Now in Force

Since 6 April 2017, it is the responsibility of the public sector body and 'engagers' to apply the intermediaries' legislation to applicable workers (namely those working through a PSC or other intermediary).

The Ins and Outs of R&D Tax Credits

Thousands of companies are eligible to claim money back from HMRC through the R&D Tax Credit Scheme and aren't doing so.

[Watch our video and see if you can claim.](#)

Add-On of the Month

ApprovalMax integrates with Xero and streamlines the approval process for Purchase Orders, Bills, Sales Invoices and other accounting documents.

The add-on allows managers to approve requests instantly, saving time and avoiding delays in the approval process. I have found it such a great software as it removes the burden of chaser emails; instead the system sends reminders automatically.

If you have a long approval process that holds up projects and wastes your team's time, I strongly recommend this software.

If you would like to find out more, or have a quick chat to discuss this software in more detail, please contact me at amy@raffingers.co.uk.
